

Attention Is All You Need

Authors: Vaswani et al. Published: 2017, NeurIPS. DOI: 10.5555/3295222

Abstract: We propose the Transformer, a model architecture relying entirely on attention mechanisms.

Method: The Transformer uses multi-head self-attention with 8 heads and $d_{\text{model}}=512$.

Result: BLEU score of 28.4 on WMT 2014 English-German translation.
